

# AIChE Student Chapter

## Maharashtra Institute of Technology's

Presents

Find me!

### RULES:

1. Contestants will be provided with a map of the college premises at the start of the event along with a unique clue.
2. Contestants will have to decipher the clue allocated to them to find their first secret location where they will be required to complete a given task to attain the clue corresponding to their next secret location.
3. Contestants will have to decipher all the clues allotted to them and move on to respective venues until they reach the final location.
4. The team which can successfully decipher all clues and reach the final location first will be declared the winner.
5. Contestants should note that unfair practices such as physical contact or other malpractices will not be tolerated and if a team is judged to have been engaged in such unfair means by the organising team, all participants of that particular team will be immediately disqualified from the event without prior notice
